Question	What consultation has there been with the	The scheme was outlined in the Local Transport Plan (LTP4) and subject to consultation in 2017. From both a technical and , this is not a big scheme as classed as a minor infrastructure scheme. Action to Ç Ç Ç
Question	What is the land issue and will it delay the	A thin length of land is required to widen the footway and land negotiations are well underway. Fortunately, this will not delay the completion, as the existing footway can continue to be used, whilst this is resolved.
Question	When the scheme is completed, what happens if there is a negative impact, especially on businesses	We will continue to monitor the scheme post-completion and take further action if required.
Comment	Concerns raised stopped on the roundabout	An independent road safety audit (RSA) will be undertaken before the scheme is implemented and reassurance that any issues will Ç Ç r Ç

Comment On Chateau route to roundabout there are issues with drivers dangerously

Question What is the cost to local companies whilst
